It hasn't even been two full weeks since
we left the temple

A [illegible] away above Ryu-Sang's head.

It was as if the [illegible] a white line on a blue paper.

The line was long and sharp.

Two weeks...

Some gods are known to have completed a castle in a matter of days.

Still we are no gods and such a dramatic change of our lives in just two weeks is a little too much for us.

Thinking so, Jere-Young turned around, complying with Ryu-Sang's order.

How man times
would a person face big
turns in one's life normally?

Life can be seen that it's as short as a lifespan of a burning candle.
It's short and little chances here and there in such a short period
may mean nothing in the grand scheme of things.

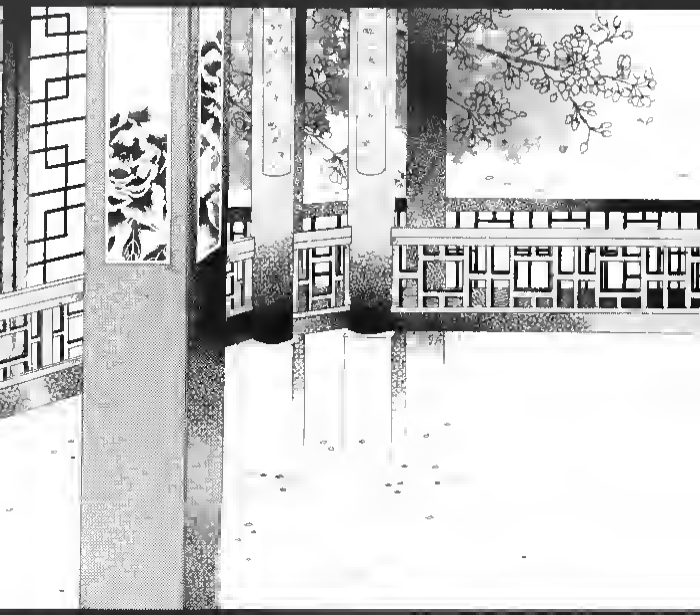
However, no one would welcome such a dramatic life where
death may be predicted too often.

It may be really nothing at all.

Ryu-Sang shared the same room
with Jerc Young since the first day
he came to the temple

Whether it's so-called hope or else,
The world which I am living in will change
And it will shake my paths whenever it does (change).

In our lifespan,
how many (dramatic) turns
will we make?
And how many times
will I change?



Nabi

He is the sole heir of the famous warrior family Hong
But it's rare that you pay attention to a boy especially someone like him.
If you are planning to marry already, you will make me jobless and bored for life.
It's not that.
Yes yes.

When I become thin air ..
She will be able to locate me..
— Eh pardon ?

When Sya-Ryu becames "thin air" ?
Is she talking about her death already ?
Well..., I have no idea, milord ...
She said someone will be able to locate her...so it wouldn't be death.
Milord ...

Hong Jin-Won's ..

I see through wall's of time and see the future.
It is not a big deal, is it ?
My words often contain powerful clues for the future, so I am being monitored all the time.
We ... get the child and my Sye-Ryu won't become "thin air" ..., will she ?

I should have been more careful with my mouth...

The pause lasted for a very short moment.

It was as short as how long it took for a small dose of leaves in his smoking pipe burn out.
And Ryu-Song was holding a dagger aimed at his neck.
His resistance was passive just as how women would resist by threatening their own lives in danger

But now ...
No one would call such a dignified action foolish.

They have a hostage.

11章…… 길(道)

It's over now, isn't it ?
Our lord has given us meats and liquor ! Enjoy them !
Thus task was very weird
First, a boy and then a girl
Then suddenly some mixed guy becomes a heir of once-famous family ?
Who opened a window ?! It's winter!
Sorry

Chief, didn't you see the heir when he was a boy ?
I wasn't in charge of looking after him. And I saw him only once briefly
I was told that he was in this house like 8 or 9 years ago ?
Did he change a lot ?
Ah - !
When we were chasing him, my team was a little far away from him and -
"Ah - !" .. ?
Well ..

We somehow lost track of him completely.
And no one who chased him close survived to tell what happened.
Seong Hawan!
She in her youth could have done it!
She must have taken the heir of the Heng to Moon country
... What?

Anyway !
It's all because of Lady Sya Ryu, isn't it !
She didn't tell us everything and didn't care whatever might happen to us !
She's hiding something !
I think that we were all abused by her somehow !

Ma'am, here ~
I am ignored !
You are being nice to her
Anyone need more drink ?
Zoo Harim.
We are just peons, you know
Damn
Knew where you stand
Sue her if you wanna
Be glad that you weren't fired.
Good work.

I guess ...
You are forgiven ?
Probably
Someone, make him sleep
It's all lady Syo Ryu's fault !
Some luck you have You killed our lord's son and survived.
I bet you are the only one in the history

Hey chief, give me a drink, too. I wanna taste a drink poured by you
Yeah, sure, sure.
Actually...
I really disliked the second son.
He did all kind of bad deeds. I hoped that he'd get killed by someone one day
It's just that Horim turned out to be the one
Still, our lord let a servant who killed his son live. It's amazing if you think about it.
Well, Horim was trying to save lady Sy-ryu. That's why our lord let him live.
The lord and the lady care for their daughter very much, probably more than their other children.

What was she talking about thaugh ?
She said. "He saw me in my dreams."
I heard that when lady Sya Ryu sees into the future ..
Enough, sis. Don't involve yaurself too much with our master's affairs.
Indeed, you don't wanna get killed like Han Ah do you ?
I knew he'd cause troubles when the chief started to train him. He was just a janitor.
Zoo Harim

Where are you going at this hour ?
Just going out to give these to Won.
Since when do you care for her so much ?
Don't wait for me and enjoy

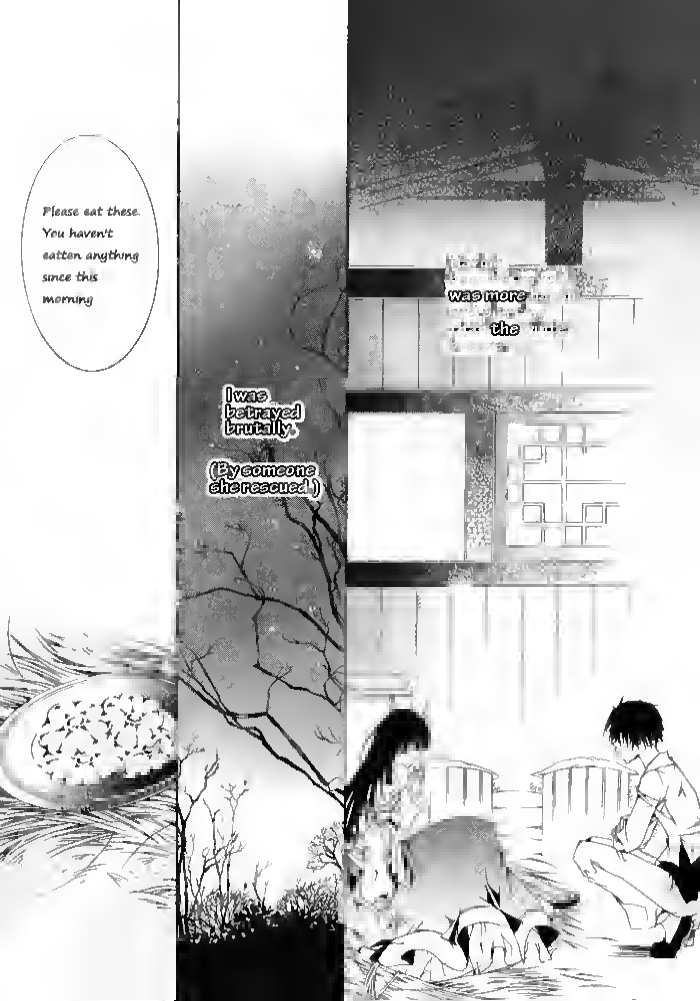
JANIMES.COM

No, ma'am.
How ..
... is that possible ?

It was full moon.
Moonshine was piercing through the only window, but it was bright enough.
And my eyes were accustomed to darkness at the moment.
I was able to

It was winter.
Along moonshine,
piercing cold breeze
was blowing.
I had a strong feeling
that he wasn't going to
tell me anything.
His hair [illegible]
weakly . . . his
eyes were dropped.
Lady
Mya-Un.



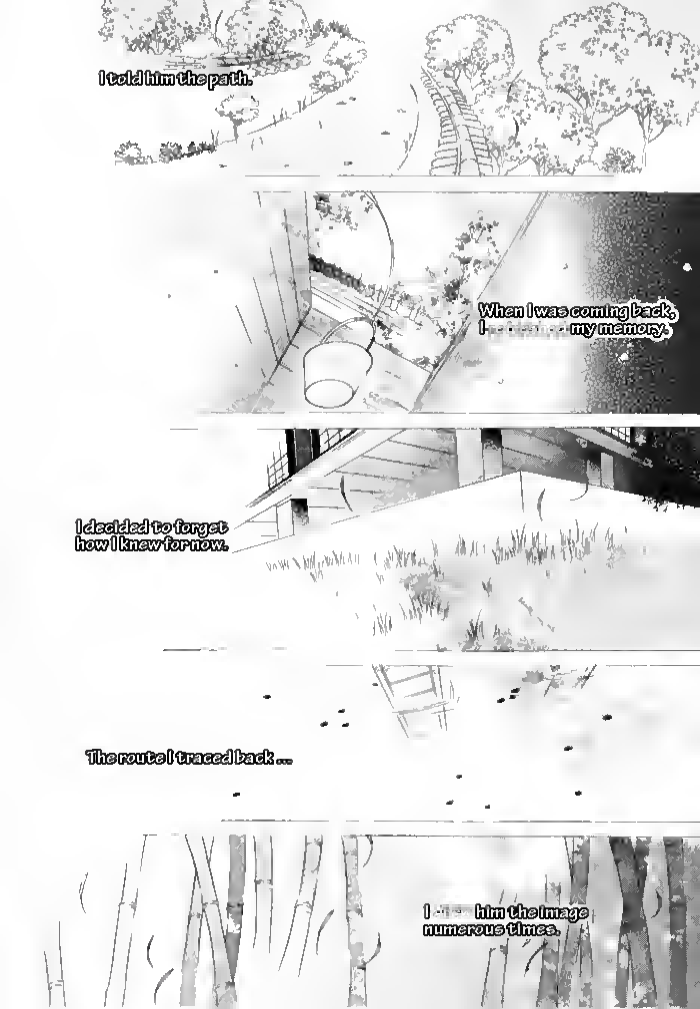
Please eat these. You haven't eaten anything since this morning
I was betrayed brutally.
(By someone she rescued.)

You know the order—
It's just for a moment, and it's not like I am asking you to open the jail
Can I take these to Ryu Sang ?
Let me check on him.
Ryu-Sang

Ryu-Sang
Are you asleep ?
Over here.

Hey... you brought her to make a scene like that ?
No, sir.
Here I am, standing guard while everyone else is partying.
I will stand guard here for you.
Are you sure ?

Ryu-Sang
There is a secret escape route in this house.
I am going to tell you now Memorize it.



I told him the path.
When I was coming back,
I ..... my memory.
I decided to forget
how I knew for now.
The route I traced back ...
I ... him the image
numerous times.

In case ...
He might get lost

JANIMES.COM

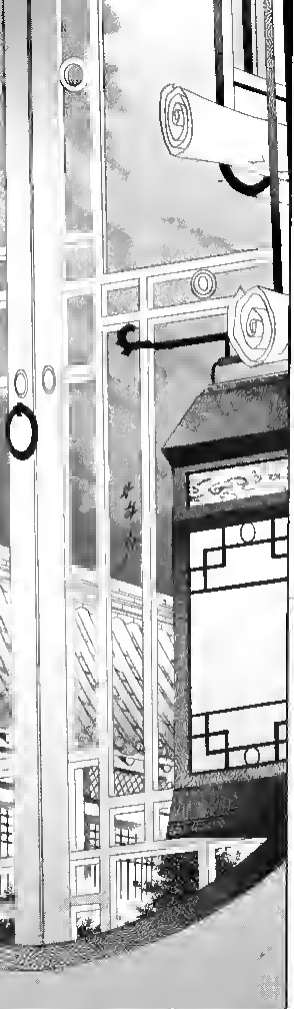
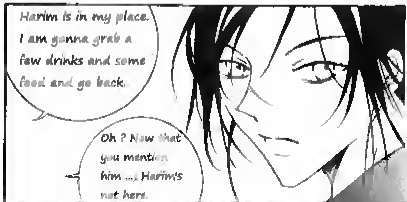
Ryu-Sang, did you get it ?
Ryu-Sang ? Hello ?
Z z z z
Ryu-Sang ...



Damn it's getting cold all of a sudden. I think it's gonna snow
Huh ?

Chief ! He's supposed to be on a duty ! He abandoned his job ! Get him !
No, no.



Harim is in my place. I am gonna grab a few drinks and some food and go back.
Oh ? Now that you mention him ... Harim's not here.

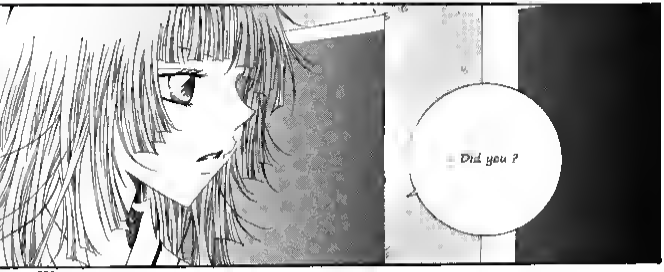
Well, whatever chief, come on. Join us.
Anything left for me ?
Of course ! Join up !
Pour me a drink !
Heheh !

Am a fortune teller
And I am the reason that you've been locked up like this.

What are you talking about ...
So...
You can really see me.
I have no idea what you are talking about, miss.

Are you awake ?

Ryu-Sang,
did you get the
story I told you



Did you ?

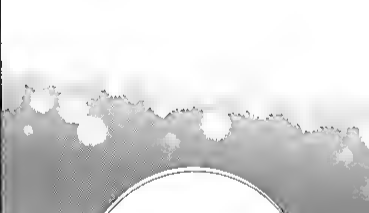
She cannot see me.
So, I do really have a God's talent.
I am not a ghost
?
Would you just listen ? Explaining to her over there won't be a wise choice.
Um ...
Did you get the story I told you ..

.....
Same ...
Have been killed for simply knowing my existence, so

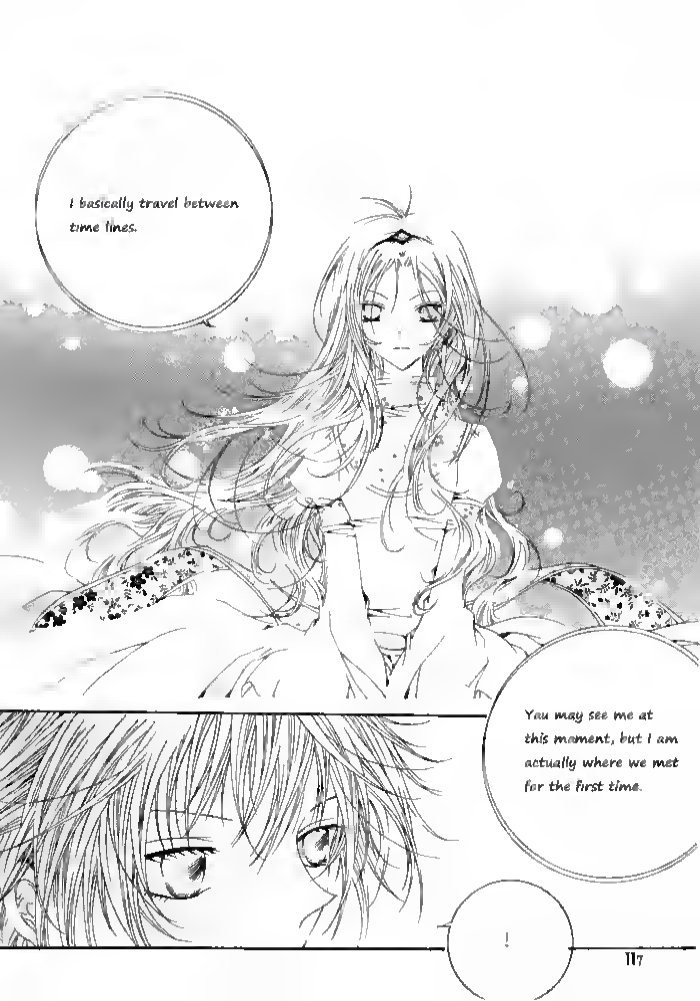
I am a secret that no one must know outside of my family.
Those who knew me had to establish and maintain some sort of either political or personal connections in exchange of my service.
My father does not, never in fact, forgive anyone who attempts to spread words of my existence
So, it will be better for you not to tell her about me.

JANIMES.COM

I am a fortune teller



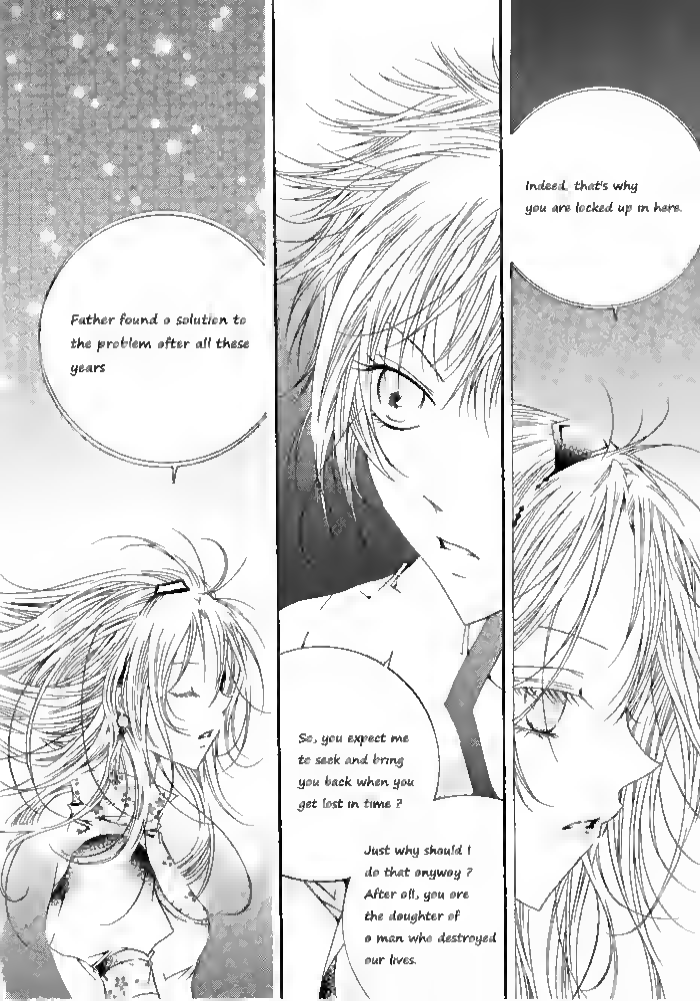
How I forsee the future .



I basically travel between time lines.
You may see me at this moment, but I am actually where we met for the first time.
!

No one has been able to see me when I am traveling between time
And no one will see me when I am traveling between time
And one day, I won't be able to return to my original time

And that is what my father has been afraid of.
He cannot afford to lose me. I am his source of powers.
However, you saw me.



Father found a solution to the problem after all these years
So, you expect me to seek and bring you back when you get lost in time ?
Just why should I do that anyway ? After all, you are the daughter of a man who destroyed our lives.
Indeed, that's why you are locked up in here.

I shut you off harshly when you came to visit this house. Yet you come in here anyway and get into troubles.
You didn't say anything ! Why would we have known that ?!
If you were worried about this outcome you should have done something !
?
If I had that much powers, I wouldn't worry about getting lose in time
Then stop this ! Stop whatever the hell you are doing !
Excuse me... Is he - sleep talking ?
Everyone else can live fine without having to do that !
... Lady Syo-Ryu ?

Are you talking to Lady Syo-Ryu right now ?
A golden opportunity came to you.

If so, would you have given it up ?
Even when you obtain mountains of golds
Would you be willing to give it up suddenly ? How many would be able to give up actually ?

Too bad for you.
I am one of few who'd throw that "golden opportunity" away
Then ... it could have been you..., not your father.
Hold on.
Who ordered the attack on the temple

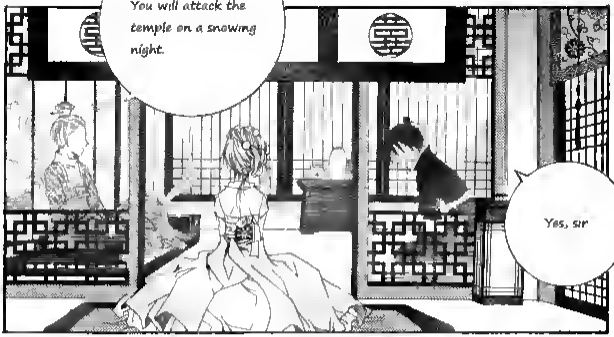
JANIMES.COM

Is that so ?
... Is that so ?
I asked you a question !

On snow ..

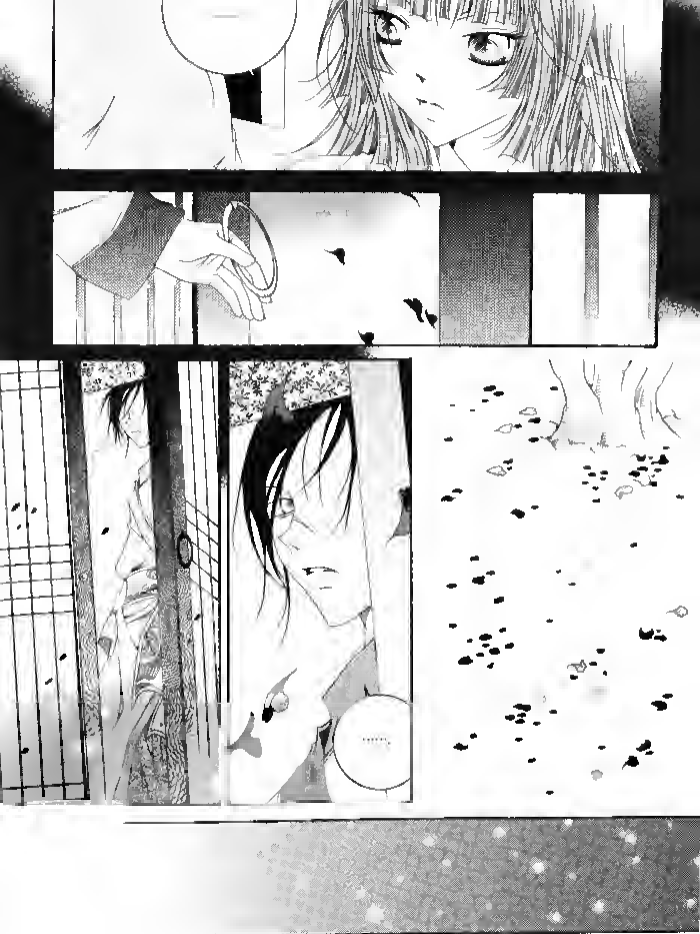
Disorganized footsteps.
Drenching blood...
... Looks as if red leaves are resting gently on a pure white snowly field.
Winter blow ..

They carry bloody leaves...
And -
Red flames dance along with it
That is...
What I see on the night.



You will attack the temple on a snowing night.
Yes, sir

Is she really there ?

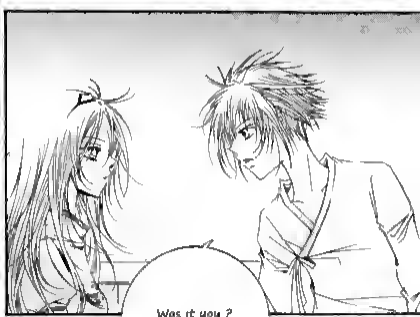


...As if red leaves are resting gently on a pure white snowy field...
Ryu-Sang

I did not come here to complain my fate or anything.
I came here to tell you a way to survive this.
At least ..

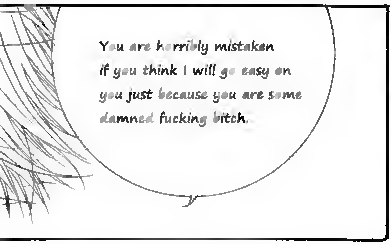
It will be better than having to locked up in here ..

You ...



Was it you ?

Yes, I ordered them to attack the temple.
** Note: Read the next page's text to make a connection with the text in this bubble.**
I won't be an easy pray.
I am a fortune teller after all

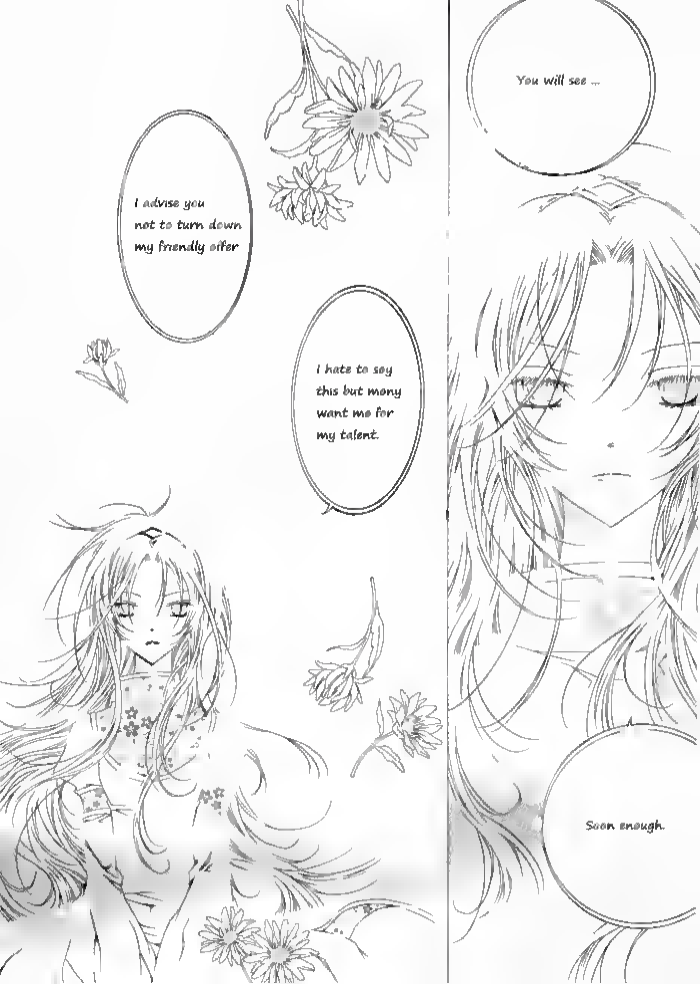


You are horribly mistaken
if you think I will go easy on
you just because you are some
damned fucking bitch.

JANIMES.COM

In your so-called
damned visions
Did you get to see
me breaking your
neck with one hand ?

I saw ...
You sacrificing your life for me ...
If I said that do you believe that you will be completely free from weights of my words ?



I advise you not to turn down my friendly offer
I hate to say this but many want me for my talent.
You will see ...
Soon enough.

... What ?

화르륵
!!
Fire - !
Fire on the guest house !

It's snowing
What fire ?
They never let us take a break, do they
What ?
Where ?!
Damn it, we were having a good time !

Chief !
Over there !

Damn it !
The lady in this house ...

She's wanted by a lot, huh ?
What ?

Does this happen often ?

Looks like he has rather confused motives
Jerc Young and Aru are waiting at the temple we spent a night
Get out of here with your secret route
And leave this country ASAP

Of course

I will go find something to break the lock.
Mye-Un
You heard me.
A chance like this doesn't come everyday Leave without me

It was just like the fire I saw before... back at the temple.

Besides, you didn't hear me because you fell asleep
I did hear you
What is the point of lying at a time like this Ryu-Sang kun ?
Really I did hear you.
I was just hungry Two pieces of rice buns weren't enough.
So, you did fall asleep while listening to me ! And I ate only two pieces as well !
I was just pretending to sleep ... The whole situation was awkward ...
What are you mumbling about ?
Don't you think ...

Don't approach me too close. You are not welcome.
I
Even if you did hear me ...

You get lost a lot.
Hey, don't you dare create a new setting for me. I grew up in streets

Just who do you think I am ?

Do you really think I will just leave you here all alone ?

The ones after us are on a totally different level from the ones who drew the wanted poster.
They are more desperate and more keen.
I believe this has to do something with the nature of this family.
I don't need to listen to you. It is entirely up to me to whether free you or not
Listen.

We are not meant to be together.
We never were
Even if nothing happened at the temple, we would have walked on our own paths eventually.
It just so happens that it has happened a little early and differently.
Don't place Jere-Young and Aru in danger now
Go before anyone else sees you

Go, Myo-Un.
